Dear Future Country Club Middle School Students,

I am honored that you are considering Country Club Middle Magnet School for your child. Our magnet and academy programs focus on your child's special interests, talents, and abilities. Your student will benefit from Country Club Middle School's educational experience in English Language Arts, Mathematics, Science and Social Studies. Over the past twelve years, thousands of parents have trusted Country Club Middle School's remarkable teachers and academic opportunities.

We have recently expanded our Magnet Programs in Biomedical and Forensic Science. We are also a Cambridge School that offers high school credit courses as well as Miami-Dade College dual enrollment courses. In addition, we offer courses in our specialized academies which are truly a school-wide initiative. Our Law Academy teaches the power of positive and expressive communication; our Fine Arts Academy develops students' fitness and confidence through self-expression; and our Culinary Arts Academy provides a hands-on experience in the world of international cuisine.

If you are interested in seeing our beautiful campus and our highly qualified teachers for yourself, please feel free to call us and schedule a personalized walking tour of our campus and our classrooms. Once you visit Country Club Middle School your choice will be simple, and that choice will lead to a positive, safe, and extraordinary middle school experience for your child. Come out and meet our teachers and administrators and witness how Country Club Middle School's staff members play an essential role in the development and safety of your child. Furthermore, our family at Country Club Middle School looks forward to welcoming you. Together we will work to provide your child a successful and rewarding middle school experience and prepare them for high school.

Respectfully,

Cynthia M. Lima
Principal
